Pieces/Box: 8

Soft

Special surface cleans tongue and helps disinfection against bacteria; hence prevention of bad breath.

Special, thinned bristle ends reach farthest points of teeth and provide soft, comfortable brushing for sensitive teeth and gums.

Special texture that cleans the tongue
When applied in a circular motion, the special texture of the toothbrush removes the bacteria and helps clean the tongue.

Soft rubber bristles that massage the gums
Special rubber bristles gently massage the gums and help blood circulation.

Cross bristles that remove dental plaques effectively
Specially cut cross bristles clean the teeth deeply and thus prevent dental plaques and provide effective toothbrushing.
